# Project overview

## GOAL

- Impact of heat waves on health
- Understanding what defines a dangerous heat wave - compare with academia's definition

## DATA

- [Healthdata.gov](https://healthdata.gov)
- [National Oceanic and Atmospheric Agency](https://www.noaa.gov)

## CHALLENGES

- Finding the right health care dataset with the cause of admissions
- Time: monthly ER data vs. daily weather data.
- Geo: Match the weather stations with the hospital locations
